

***CCMPO Metropolitan  
Transportation Plan Update***

***Multimodal  
System  
Classification***

Steering Committee  
December 20, 2000

***Why Multimodal System  
Classification?***

- Application of Multimodal & Intermodal Concepts
- Define the Land Use Context of Transport Planning, Design, Operations, and Maintenance
- Balance Access & Mobility
- Inventory of Existing and Future Needs
- Consider Natural and Human Resources
  - Scenic & Aesthetic
  - Historical and Cultural
  - Natural and Environmental
  - Air and Noise Sensitive

***CCMPO Metropolitan Transportation Plan***

### *The MMSC Approach*

- Class One - Major Multimodal Corridors & Transport Centers;
- Class Two - Other Major Routes & Facilities
- Class Three - Minor Routes & Collectors;
- Class Four - Local Ways; and
- Class Five - Town, Village, & Urban Centers.

*CCMPO Metropolitan Transportation Plan*
